From, the M.C. Letter no 810 dy 12.8.29.

Submits further report called for in the matter.

(1) Vide para 9 of the office note in mug d. no. 168-1928 indicates the facts of the case.

(2) A list of Inam villages of the Math prepared at the time of registration of the Math properties in 1915, and also the orgl Agreement executed by the Swamy binding himself to carry on the services in the General Branch Maths in the State, and also not to alter the permanent arrangements made or sanctioned by Govt. without their previous approval, are placed on the file for perusal. The Head-quarters Math for the Mysore State, is at Holenarasipura and the Branch Maths are situated at Ramanathapur, Bangalore, Mysore, and Srirangapatam. From a perusal of M.C's letter dy 25.1.29, it will be seen that the Math Dewan stated that the arrangements sanctioned by Govt as were being adhered to and the scales sanctioned by Govt were in force in the Branch Maths. While on a ref. to the D.C's Concerned, it is learnt that the Math Buildings at Hanarasipura,

WD 01684—GPB—30,000—20-4-29

Serial No.

and Ramanathapuram (where there is no matt Building, but a vacant site on which Sri Anjaneya Swamy temple stands) are in disrepair, and the Scales sanctioned by Govt are not in force. It is reported that this matt obtained exemption from the operation of Madras Hindu Religious Endowment Regn on the plea that its head-quarters were within the State (at H. Ramanathapuram) and that it was amenable to H H's Govt. The Madras Religious Board seems to have complained that the affairs of Ramanadapuram Branch matt are being mismanaged—

(Rama Madurai is a place of pilgrimage on the way to Rameswaram, at some distance from Madura town and is perhaps richly endowed by the Madras Govt).

3/ In his minutes dt 17.2.29. the member has been pleased to call for the accounts maintained in the matt. The matt Dewan's reply dt 6.4.29 may kindly be perused. The matt pleads that it is not possible to maintain separate accounts of the income in the State, as it has endowments elsewhere in the State that ~~are managed by a Trustee~~ the matt pays to D.C.B accounts for income from [illegible]

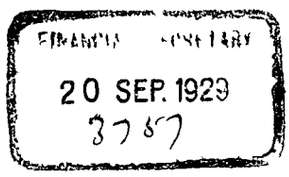
B 20/9



16 There are two questions involved in this case. The Mutt applied for a loan of Rs 25,000/- for renovating the Buildings at Mysore. The Muzrai Commissioner did not originally recommend the grant of the loan on the ground that the Mutt had sufficiently large resources and that if its affairs were managed satisfactorily, necessary funds could be spared from its own income. In view of this it was considered that no loan could be sanctioned, at any rate, till the question of mismanagement was fully enquired into. The Muzrai Commissioner was told to inform the Mutt authorities that their request for a loan could not be complied with. He was at

Note—Contn Sheet

WD 01684—GPB—30,000—20 4-29

Serial No.

at the same time asked to examine the Mutt accounts and see if the income was properly utilised.

1) So far as the grant of loan is concerned, the question does not seem to require reconsideration.

2) The Muzrai Commissioner now says that he has no objection to advancing the loan provided the Swami is agreeable to proposals that may be formulated for placing the management of the Mutt funds on a satisfactory basis.

3) The Mutt Dewan's reply (Flag' Y ') challenges the charge of mismanagement, points out the difficulties in the matter of maintaining separate accounts in respect of income from the properties in the Mysore State and the expenditure met out of it and adds that if the Government could not sanction the loan, the Mutt would itself repair the the Building in Mysore City to the extent necessary

4) As already decided the question of granting a loan to the Mutt may be dropped for the time being.

5) It is however necessary to make further investigation as to whether the affairs of the Mutt are satisfactorily managed, and whether the large cash grant which the Mutt is in receipt of and the income from land Inams expected to amount to Rs 10,000/- per annum are properly utilised. The Muzrai Commissioner states that he has not been able to examine the accounts as directed by Govt. as the Swami is reported to be in Kheda, Bijapur District.

6) As observed by him Government should insist

NOTE—Contn. sheet

WD 1214—GPB—500—21-10 28

Serial No.

insist upon some suitable arrangement being adopted by which it may be possible for them to know that the income derived from the properties in Mysore including the cash grant are utilised in the proper manner.

23 If regular accounts of income and expenditure are not maintained and produced when called for, it will become necessary to attach the Inam lands and suspend the cash grants till the requirements are complied with. The Muzrai Commissioner may be requested to bring this aspect to the notice of the Swamigalu and submit proposals in consultation with him for ensuring that the income of the Mutt derived in the State is utilised in the proper manner.

972/24/9

24
1st - Monday

23 9 28

25 I agree that the question of a loan to the Mutt for the reconstruction of its building in the Mysore City need not be pursued further, at any rate, for the present. The Mutt may be required to carry out the repairs, which this building requires, out of its own funds.

The question of requiring accounts to be submitted by the Mutt for the grants endowed to it is a difficult one and has to be carefully considered. I am not sure if the Religious and Charitable Institutions Regulation gives us the power to require Mutts to submit accounts. My impression is that the power in this respect which this Regulation gives to Government applies only to institutions other

WD 1214—GPS—500—21-10-28

than Mutts. This point may be verified. As for taking action under the Chief Commissioner's Notification of 1873 - (or 1876?) I am not sure if there is any provision in it to call for accounts or for resuming management of endowment properties if accounts are not submitted. I believe resumption of endowments according to this Notification can only be on the ground of mismanagement. This point may also be verified.

7) The present position under which this and other Mutts enjoying large endowments made by Government do not submit accounts to Government or publish them for general information is, no doubt, unsatisfactory. How to improve this position is, however , a difficult matter. An attempt has been made by the Government of Madras for ensuring the satisfactory administration of the funds of Religious Institutions and it may be noted by reference to the Law of this Government what proviaions nave been made in it for enforcing the financial responsibilities of Mutts.

Another point on which it is desirable to have information is the legal position of the Heads of Mutts in regard to their accountability for moneys coming into their possession as such. The Law on this point in Mysore and in British India may be noted.

General and Revenue Secretariat | Muz. File No. 168 | of 192 8

Serial No.

29 Re Member's minute in para. 26, it is respectfully submitted that Sec. 23 Chapter III of the Muz. Regulation of 1927 directs that Government shall have power to make rules directing that persons in charge of religious or charitable institutions (other than Muzrai Institutions) shall maintain accounts &c. and this does not apply to Mutts, as it is stated in Sec. 24 Ch. IV, that the provisions of Ch. II and III shall not apply to Mutts - Rule 7 of the Rules issued vide Notification No. 1467/Muz.276-26-5 dated 22-3-1928 under the Regulation, providing for accounts by religious and charitable Institutions, is applicable to the said Mutts under Sec. 24 Ch. IV of the Regulation. To strictly applying the above stand we may not call for accounts from Mutts.

30 But in G.O. No. 1276-7 dated 20-11-1905, it is laid down that "monthly accounts should be submitted with respect to Muzrai Institutions enjoying land Inam or the cost of those enjoying assignments. There was no Muzrai Regulation and it was to be considered whether it is still in force. There is no saving clause in the Regulation either to disregard or to give force to rules of this Govt. fully issued. The Law Dept. seems to be consulted whether it is to be considered in force to the present.

31 Exemption of endowments is ordered under the Commissioner's Notification No. 1 of 1927 only when the income are diverted for the purpose of the institution viz., sale, gift, or lease of the lands.

32 We do not think it necessary.

Returned with compliments.

36 I have examined the law bearing on the points raised in paras 26 to 28. I deal seriatim with them.

1. The law as codified in the Mysore Religious and Charitable Institutions Regulation, VI of 1927, does not give Government power to require Mutts to submit accounts. Chapter IV of this Regulation deals with Mathas and similar institutions. Section 24 appearing in this chapter exempts Mathas from the operation of ~~xx~~ the provisions of Chapters II and III of the Regulation. It is important to note this as section 22 of Chapter III empowers Government to make Rules for the maintenance of accounts by persons in charge of Religious or Charitable Institutions other than "Mathas and similar institutions". Section 40 ~~(a)~~ of this Regulation does not bar a suit under section 92 of the Civil Procedure Code, but under a recent Privy Council Ruling it has been held that the heads of Mutts are not trustees within the meaning of this section (See A. I. R., 1922, P. C. 123). Therefore, the remedies provided in section 92 of the Civil Procedure Code are not available to control the acts of Heads of Mutts.

2. As regards taking action under the Chief Commissioner's Notification No. 266 dated 17th Nov. 1877, (see Mysore Revenue Manual, Vol. I, Page 240, Edition 1921) it may be stated that it refers to Inam lands diverted from the object for which they were granted and prescribes diverse methods of dealing with them according to the kinds of alienation

Note—Contn Sheet

WD 01694—GPB—30,000—20-4-29

Serial No.

alienation specified in it. It does not allow any scope for calling for accounts from a Matha or other similar institutions (as is referred to in Chapter IV of the Regulation) which has alienated any Inam land in its possession. Moreover, section 30 of the Regulation renders null and void every alienation of Inam land made by any Matha. This section is mandatory in its character.

3. In Madras, the Madras Hindu Religious Endowments Act has been in force since 1923. The present Act is II of 1927. Section 61 of this Act (which is equivalent to section 57 of Act I of 1925) enables the Madras Religious Endowments Board to control Mutts to a limited extent. It requires the "trustee of every Mutt" to submit each year to the Board before a specified date and in a specified manner (a) a budget showing the probable receipts and disbursements of the following year and (b) a statement of the actual receipts and disbursements of the previous year. It will be seen that beyond this no power is vested in the Board to call for accounts from the "trustee of the Mutt" or to control the surplus left over in his hands annually. For instance, the Board cannot presumably ask him why he accumulates it, if he does so, or if he invests it in a particular manner to enquire why he so invests it and not otherwise. But section 62 empowers the Board in certain circumstances, to hold

WD 066—GPB—80,000—26-7-29

Serial No.

an enquiry in a prescribed manner when it has - reason to believe that the "trustee of a Mutt" has been mismanaging the endowments of such Mutt or has been spending or alienating them for improper purposes. The Board can hold a similar enquiry when not less than 20 persons make an application to it stating that in the interests of h the proper administration of such endowments, a scheme of administration should be settled. Section 63 of the Act provides inter alia for settling a scheme of administration and for associating - with the trustee, if it thinks necessary, any person in administering the endowments or for constituting a separate body for participating or assisting in such administration. The sole condition required is that such person or body of persons shall consist exclusively of persons having interest in such Mutt. Provisions of this nature are of course not to be found in the Mysore Regulation. There is, however, the provision made in it under section 26 of the Regulation for Government to interfere where there is gross mismanagement or alienation or attempt at alienation of the whole or any part of the Mutt property for improper purposes. In such a case, provision is made for Government ordering an enquiry by a Committee of - not less than 3 persons to report to Government. Government may thereupon as a result of such enquiry take over the management of the institution or pass such orders as they may deem fit concerning

Note—Contn. Sheet

WD 066—GPB—50,000—26-7-29

Serial No.

concerning the management of the affairs and property of the Institution. There are, it will be seen, very wide powers. But obviously they are only of a nature that can rarely be resorted to. Further section 26 itself does not enable Government suo motu to act in the matter but only on complaint made or information furnished in writing by disciples or other persons interested in any Mutha or similar institution. Also it would be seen under the section that Government should have prima facie reason to believe on such complaint or information that there has been gross mismanagement or alienation etc., It is a question if this section cannot be amended so as to widen its scope to some extent and within certain limits. First, to order enquires in certain cases suo motu and secondly to empower Government to require of Mathas and similar institutions to furnish a Budget for every ensuing year and the statement of actual receipts and disbursements of the previous year as under section 61 of the Madras Hindu Religious Endowments Act. Such an amendment as this, if it commends itself to Government, will vest them with the necessary authority for exercising the minimum measure of control, compatible with current public opinion over these institutions. This would incidentally compel the heads of these institutions to discharge their financial responsibility with due discretion.

4.

4. There only remains one other point to consider and that is the one raised in para 28. There is at present no legal control over the heads of Mutts in regard to their accountability for funds coming into their possession as such. In Mysore, so long as they do not offend against the provisions of section 26 of the Regulation they would appear to be safe from the interference of Government or even of any persons interested in the Mutt and its property. This point has been dealt with above. In Madras the control is a little wider as under section 61 of the Madras Act, trustees of Mutts have to submit Budgets and annual accounts to the Religious Endowments Board. This section does not leave any loop-hole for escape by the trustees concernedd. This matter has also been dealt with above at some length.

1830

41 Returned with compliments.

2. I agree with the opinion expressed by the Government Advocate that our powers of interference with regard to the management of Mathas are limited to the provisions contained in Sec.26, of the Mysore Religious and Charitable Institutions Regulation, 1927. These powers are not so wide as the powers given to the Government of Madras under Sec.61 of the Madras Hindu Religious Endowment Act.

42

3. As the law stands at present, unless Government have reason to believe that a Mathadhipathi has been grossly mismanaging the property of the institution or has alienated or is attempting to alienate the -- whole or any part of such property or improper --- purposes, they cannot take any action, and even -- when Government comes to know of such mismanagement, it can only order an enquiry into the same by a Committee. It has no powers to call on any --- Mathadhipathi who enjoys inam lands to maintain and render accounts to Government.

Serial No. 43)

4. In view of the large endowments made by the State for the maintenance of a number of important Mathas within its territory, some of which have an all India reputation, it is I consider necessary - that some effective control should be vested in Government by statutary provisions to see that the income from such endowments is properly utilized - and to call upon such institutions to render ~~xxx~~ accounts annually of their income and expenditure. 44) Provision similar to Sec.61 of the Madras -- Hindu Religious Endowment Act, may well be introduced into our Regulation with an addition that the ---- Mathadhipathi should render annual account to ---- Government, if they enjoy Government cash or land grants. So far as this matha is concerned, the properties have been restored to the Swamigalu on the distinct understanding that he will not alter all or any of the permanent arrangements for the -- carrying on of the matha affairs laid down in the marginally noted orders of Government without the -- previous sanction of Government. Under this ---- stipulation unless the Swamigalu maintains accounts with respect to each of the items mentinned therein and submits them for inspection periodically or -- whenever called upon, it will not be possible for - Government to know if the arrangements are being --- carried out as intended in the stipulation and so constructively the Swamigalu is I believe bound to maintain accounts relating to the several items referred to in the above Government Orders and produce --

MUZRAI

To

P. Srinivasa Iyengar, Esq., B.A., B.L., 19.234
Secretary to the Government of His
Highness the Maharaja of Mysore,
Financial Department. 168-28-7

SIR,

With reference to your letter No.2574/Muz.188-28-8 dated ---- 21st/22nd May 1929, directing me to examine the accounts of the Sri Uttaradi Matt, I have the honor to state that the Swamigalavaru is now reported to be in Khoda, Bijapur District, and that the accounts of the Matt accompany him, and it is not therefore possible for me to examine the accounts, as directed by Government.

Sealed cover called for from President

2. I took advantage of the presence of the Dewan of the Matt to enquire as to the manner in which the accounts were maintained and the expenditure was regulated. He says that out of the income derived from the endowments in the State, the Swamigalavaru has been spending the amount at the several places in the State according to the present needs, that he has not rigidly adhered to the scales fixed several years ago, as they are not found quite suitable to the existing conditions. In regard to Seringapatam, where the services have been reported by the Deputy Commissioner to have been discontinued, he states that owing to large arrears in inam villages which remained uncollected for several months, the feeding etc., had been stopped; but it has now been revived again.

3. In regard to the maintenance of the accounts, it is stated that as the Matt has large properties both in and outside the State, it is not possible to maintain separate accounts of the institutions in the State. I do not think it will be possible even if accounts

6. In this connection, I may add however that from what has been stated before me by the Dewan of the Mutt, the Swamigalavaru --- feels keenly the charge of the mismanagement that has been made against him, as he has been utilizing the large income he has -- derived both from his properties here and elsewhere, not for -- his own personal use, but in the furtherance of proper worship and development of religious education. I have no information before me which would justify me either to doubt the good --- intentions of the Swamigalavaru or that he has been discharging the duties of his high office in any way inconsistent with high ~~ideals in every way consistent with~~ ideals. But, as the very sanctity of persons in charge of these institutions ------ frequently gives scope to a great deal of laxity in the management of these institutions, I am anxious that the future should be - regulated, at least as far as the State is concerned, in a manner so as to ensure that the income in the State is utilized for purposes beneficial to the people of the State, consistently with the practices prevailing in the Mutt, presided over by the --- Swamigalavaru. If the Swamigalavaru is agreeable to the --- proposals contained above, there can be no objection to ------ advancing him the loan required for renovating the Mutt at Mysore.

I have the honor to be,

Sir,

Your most obedient servant,

Mysore Commissioner.

The Vice President is urging repairs to the main building in Mysore at a cost of Rs 4000/- Prayer to be executed
Mr
26/8/19

MYSORE CITY MUNICIPALITY

No.Mg.T.329/Rec.1.

PRESIDENT'S OFFICE.

Dated 3rd September 1929.

Dear Sir,

With reference to your D.O.letter No.111 dated 28th August 1929 re: the Sri Uttaradi Mutt Building in Mysore, I am to state as follows:-

The Uttaradi Mutt Building is in a dilapidated condition. Several letters were sent to His Holiness the Swamiji Sri Satya Dhyana Thirtharu of the Mutt to make early arrangements for repairs and improvements. The Dewan of the Mutt, in his reply of 7th May 1929, referred to two alternative plans and estimates- One for Rs.24,000 and another for Rs.38,000- prepared for the reconstruction of the building, and expressed agreement to take up the work at a cost of Rs.20,000 or so if a loan be granted to the Mutt by Government. It is learnt that Government cannot advance any loan for the construction of the building and the Mutt authorities were therefore requested to make their own arrangements as regards the required funds for the restoration of the building. This requisition was sent on 10th June 1929 and nothing further has been heard from the Mutt.

The enclosure received with the D.O is herewith returned.

Yours sincerely,

M.Ramaswami

To
